

Day 2 Python Mission ♥

Hi Lovely (my sweet Laddoo),

Yay! ☐ You completed your Day 1 Python missions. I'm really proud of you. Every little thing you learn today is another step toward becoming an amazing programmer. Keep going—I believe in you always. ♥

Mission 1: Print 'Python is fun!'

Mission 2: Create two variables: `your_name` and `my_name`, then print both.

Mission 3: Create variables `a = 15` and `b = 5`, then print their addition, subtraction, multiplication, and division.

Mission 4: Ask the user for their city and print: 'You live in .'

Mission 5: Ask the user for their favorite food and print: 'I hope we eat together someday! ♥'

Mission 6: Ask for a number and print its square.

Mission 7: Print numbers from 1 to 5 (one per line).

Mission 8: Print 'I can do this!' five times.

Mission 9: Check whether `20 == 20` and print the result.

Mission 10: Print a message: 'See you tomorrow for Day 3! ♥'

A little note for my Lovely ♥

I'm not just happy because you're learning Python—I'm happy because I get to watch you grow every day. Don't worry about mistakes; they're part of learning. I'm always cheering for you, one mission at a time. I'm proud of you. ♥

With lots of love,

Your biggest supporter ♥
